1. This Inventory lists projects in Alberta, valued at $2 million or greater, that have recently been completed, are currently under construction, or are proposed to start construction within two years. Not all projects over this threshold are listed due to reasons of confidentiality and/or due to information not being available at the time of printing.
2. Project data is obtained from public information sources. Although, where possible, this data has been verified with the project proponent/developer, users of the Inventory may wish to *confirm* project data with the proponent/developer.
3. The Inventory does not breakdown project expenditures by any given year. The cost of a project is the value of expenditures expected over *all* phases of project construction, which may span over two or more years.
4. The cost of projects listed in the Inventory are *estimated* values only.
